

History

Established in 1990 by initiative of its founder MR. Malek Jalilian, previously one of the CEO's of the biggest Int'l Freight Forwarding Companies of Iran , with long and solid experience in Int'l Freight Forwarding, has managed to gain reputation as a reliable company in the field of business Logistics.

The company initially began its activities in Land and Sea Transport. However, driven by circumstances the company diversified into different modes of transport to gain a strong foothold as an MTO & Freight Forwarding company.

While expanding and branching out to become more accessible to its customers at their own locations, Malektarabar, grew into a group consisting of four subsidiaries which will be shortly introduced.
